CAREER OBJECTIVE

To pursue a highly rewarding career, seeking for a job in challenging and healthy work environment where I can utilize my skills and knowledge efficiently. Ambitious to be an integral part of a reputed organization which gives a chance to take up challenging projects and tasks to meet organizational goals.

EDUCATION

East point Institute of Technology | VTU

Bachelors in Electronics and Communication Engineering; **CGPA: 6.8**

Nagarjuna PU College |

Pre-University; **Grade:76.66%**

Taralabalu High School | STATE

SSLC; **Grade: 79.07%**

2021 - 2025

Bengaluru, India

2019 - 2021

Bengaluru, India

2019

Chitradurga, India

SKILLS

Technical Skills:

- Java
- Spring Boot
- Java Script
- Core Java
- AWS-Cloud Technologies
- SQL

Soft- Skills:

- Problem solving
 - Logical reasoning and approach
 - Communication Skills
-

CERTIFICATES

- AI with ML in Java Cumulative from oracle academy, ORACLE
 - Machine Learning Foundations in aws academy ,AWS.
 - Data Engineering in aws academy ,AWS.
-

PROJECTS

- **An AI Approach to Detect Abrupt Concept Drift in Disease Diagnosis System,** **OCT 2023**
 - Developed AI model for real-time concept drift detection in disease diagnosis using Naive Bayes and Adaptive Random Forest.
 - Utilized Python and scikit-multiflow for efficient data stream processing and adaptive machine learning in medical applications.
 - **E-Commerce website using Spring Boot,** **JAN 2025**
 - Developed a fully functional shopping website using Core Java for backend development to handle high traffic and require scalability. Java's multi-threading and distributed computing support allow easy scalling to handle millions of users.
 - Utilized SpringBoot for model development, build and maintain the backend of an e-commerce website efficiently. Its focus on scalability, security, and rapid development makes it one of the top choices for modern e-commerce solutions.
 - Using React, featuring users authentication, product management, and secure payment integration. Implemented RESTful APIs and integrated MySQL for seamless backend operations.
-

INTERNSHIP

- Currently working as an AWS cloud developer at AWS Academy.
